Lokmanya Mahavidyalaya, Warora (Estd. 1998)

Lok Shikshan Sanstha, Warora, a facilitator of quality education, came into existence in 1951. Since its very inception, the Sanstha has been striving hard to continue its journey towards academic excellence and cultural refinement. Among the host of educational institutions run by the Sanstha, Lokmanya Mahavidyalaya is comparatively a new addition. Established just about nineteen years ago in 1998, the Mahavidyalaya has grown considerably from insignificant infancy to significant adolescence. Its growth, as an educational institution, has witnessed a quality change in the teaching-learning environment of the tribal-dominated township of Warora, and its suburb of rustics and less urbane.

Prior to the emergence of Lokmanya Mahavidyalaya, there were colleges in the town which were providing higher education to the young enthusiasts. But they were distantly located and over-burdened. In addition, most of the existing institutions were ill-equipped, insensitive to the varying emotions of the young generation, least prepared to switch over to the new changes occurring in the socio-educational fabric. There was, therefore, need of a senior college within the limits of easy access, and which could provide quality education to young students, especially, girls and those belonging to remote localities.

Of course, the Mahavidyalaya imparts co-education, but, because of its prime location and its adherence to student-centric philosophy of pedagogy, it is most suitable for the weaker gender. Within a very short span of time, the college has got recognition from U.G.C. under 2(f) and 12(B) sections of U.G.C. Act 1956. Moreover, it has been assessed and accredited by National Council Assessment and Accreditation (NAAC), Bagalore and has got Grade 'B'.

Fully computerized administrative office with the facilities of Internet and uninterrupted power supply through solar-voltic power generating system, spacious library with commendably good collection of quality books, journals and other reading material, a well-equipped computer centre, and a set of scholarly qualified faculties make the college a centre of excellent learning. A well-developed play-ground and exquisite sports material add to the facilities necessary for the round development of the learners.

An In-door sports facility is constructed, and is set open for the students.

Bubject & Inclusion of neco points in the neco syllabus of B.A. Third years English and English Literature.

Honozable sir,

We are Voibhar Dikhirathar and Nilesh P. Masallcar. We are learning in B.A. Third Year in Lokmanya Mahavidyalaya, Warora, Dist-chandrapur.

Warsond, Mile studying in Third Year, we expected the study of e-mail and commonerosons' in English. But when we actually saw the syllabus, we didn't find these topics in it. Moreover, we expected one of the plays in the syllabus of B.A. Third Year English Literature by our Indian playwrights like vijay Tendulkar, Grisish karnad etc. But we had to study shakespeare in both the seme steps. In addition, we will not feel wonder, if innevative proctices like group discussion, debates etc. be included in the Syllabus of English compulsory.

O E-mail : It is important to learn formally to covite e-mail and give reply to e-mail. We heard that it has more studied two plays by shakespease, ane by G. B. shaw and by Inton chakov. But we think, we will understand an Indian play better than a tracign. So it would be easy to us to express outselves in English. So we humbly appeal to the authority to consider our thoughts, enotions and experiences expressed in this letter We will not be able to study these things @ Indian Jaama : In English Literadure of B.A. Third Year, coe any language can be ledent only in the students become integraded (one) with the process.
