1) What should be the medium of Instruction of Education?

Education is must in our life. So education take important in our life. Without education people will not be successful man. Hence education is must in every nation, State or world.

The medium of education will anything, but knowledge want every men or women children, but except knowledge people remain blank. Hence getting the knowledge is must when achieve our aim.

The medium of education remain English, this is my opening, because English language speaks in every level or everywhere. So English language is very useful in our life. The English language is a International language, so this language speaks every nation. The English books also available in any shops or Sta-
